## PIONEER BT BOX TAPS

PIONEER B.T. Series of Box Taps (Or Short Taps) are available for right hand or left hand applications. They are designed to retrieve 'Fish' by locating and threading into A.P.I. connection in the opposite hand to the fishes' connection - by deliberate 'cross-threading'.

Pioneer Box Taps are manufactured in quality material to our renowned standards and a comprehensive range of sizes is readily available.

Call our Sales Office to discuss this or any the range of fishing and retrieval tools manufactured by Pioneer Oil Tools.

**“QUALITY + DELIVERY IS OUR PRIORITY”**
